## WordCamp Brisbane 2017 Sponsorship Prospectus

WordCamp Brisbane is happening again this coming July, the weekend of the 22nd-23rd of July to be specific, at QUT Gardens Point in the Brisbane CBD.

Our last WordCamp was highly successful and we are anticipating an increased attendance rate this year due to the great feedback from past attendees coupled with better marketing saturation and community awareness.

WordCamp is a conference that focuses on everything WordPress. WordCamps are informal, community-organized events that are put together by WordPress users. Everyone from casual users to core developers participate, share ideas, and get to know each other, all while talking about our favourite open-source CMS, WordPress.

Australian WordCamps are unlike most countries as there is usually only 1 or 2 each year so many members of the Australian WordPress community fly in from all around the country to attend the event.

WordCamps are hailed worldwide as one of the best value for money conferences on the planet, and with WordPress now powering in excess of 27% of the web, they attract a large and diverse audience from the technology sector, from bloggers, designers and all the way up to the leaders of the web community.

WordCamp is a non-profit event so we rely on funding from sponsors to make the event a success. Any contribution that you provide for our community will both help make WordCamp Brisbane possible and get your brand in front of the passionate type of people who should know about it – the type who go to events on weekends to talk shop.

*Please read through our prospectus to see if there is a sponsorship package that is suitable for your organisation.*
